

The Calcium Lab

Up Your Game in PAD Treatment

The Calcium Lab provides physicians with a hands on opportunity to train with the Shockwave IVL Peripheral catheter portfolio and further their understanding of Shockwave IVL's unique mechanism of action.

MONDAY 13th - TUESDAY 14th, OCTOBER 2025

HOTEL GIBERTI | VERONA, ITALY

REGISTER HERE

BRING YOUR MOST CHALLENGING CA⁺⁺ CASE!

We want to hear from you!

- Share a case that illustrates the challenges faced when treating severe calcification
- What are your **tools of preference** to tackle complex calcium?
